

Dear Professor

Warm Greetings from Sun Moon University, Korea.

Related to the sisterhood relationship between your university and Sun Moon University, I would like to inform you about a very good international opportunity for the students of your university who are majoring in Information Technology, Computer Engineering, Electronic Engineering, Mechanical Engineering or other related majors.

Sun Moon University will have a special summer program this year with the support of the Korean Government. This program will be from the 6th of July through 14th of August (for 6 weeks) at Sun Moon University. We will provide the students with full scholarship benefits including round-trip airfare, tuition, boarding expenses, and in-Korea transportation to all qualified students who participate in this summer program.

The detailed information of the “Summer Program for IT & Computer Engineering” is as follows.

1. Who can apply for this program ?
 - a. Undergraduate students who are majoring in one of the following fields:
 - Information Technology, Computer Engineering, Electronic Engineering, Mechanical Engineering or related major fields.
 - b. The Program will be conducted in English. Students must have adequate English language skills. (TOEFL Ibt 70, IELTS 6.0 or equivalent levels)
 - c. Students must be in good health.
2. What can the students study during the Summer Program ?

Students will select one track among the following 3 tracks:

 - Track 1: Semiconductor Device control or Display Device Control
 - Electronics Circuit Design
 - Fundamentals of Devices
 - Application and Control of Devices
 - Track 2: Control Software
 - Basic course of C Language
 - Basic course of C++, Visual C++
 - Application of Visual C++
 - Track 3: Machine Design
 - Fundamentals of Device Design
 - Basic Course of 2D CAD, 3D CAD
 - Application of Device Design

All students can participate in the following sessions:

- Capstone Design and Field Study in Companies in Korea.
- Tours in Korea (Seoul, Kyeongju, Gongju and other famous places in Korea) during the weekends of the Summer Program.
- A Basic Course of the Korean Language at Sun Moon University

3. When it will be held ?

- from July 6th to August 14th for 6 weeks

4. What are the benefits for the participants?

Sun Moon University will provide following:

- International Round-trip Airfare
- Accommodation and Meals during the Summer program
- Internal transportation in Korea
- A Scholarship for all tuition fees for the Summer Program
- Insurance during their stay in Korea
- Sun Moon University can give 18 academic credits for this program to students if your university agrees to accept the credits.

If you wish, we can visit your university and give a presentation to your students who wish to apply for this program. Our detailed visiting schedule can be determined through discussions with you.

If you have any questions or interest in this program, please send an email to me as soon as possible. (global@sunmoon.ac.kr / leeko2002@naver.com)

I hope many qualified students from your university will take advantage of this opportunity to participate in the Special Program at Sun Moon. Through the Special Program, your students will also have the opportunity to meet many outstanding students from other nations in Asia and to begin building their international network. We hope they will learn a great deal, make good connections and create many good memories and while at Sun Moon University.

Sincerely yours,

So Jung Ahn
